

Brendan House Long Term Care

Kalispell, MT

About the Brendan House Long Term Care Unit:

- **How many beds:** 72 bed unit
- **Patient demographics:** Geriatrics.
- **Schedules and call requirements:** Twelve hour shifts 0630-1900/1830-0700. No on-call requirements.

Common treatments and skill sets/procedures:

Patients requiring assistance with ADLs who are no longer able to care for themselves in their home setting due to a variety of medical events or comorbidities.

Qualities of a long term care unit nurse:

Nurses thrive on the relationships in long term care. They provide resident centered care with a multidisciplinary team, as well as end of life care when residents transition medically to this level of care.

A day in the life of our unit:

Nurses provide medication support, treatments, and ADLs, while promoting a quality of life and maintaining their current level of function. We provide a high quality of care and resident-centered care.
