

Pediatrics Equipment Resources

Montana Adaptive Equipment Program

- <https://montech.ruralinstitute.umt.edu/>
- The Montana Adaptive Equipment Program (MAEP) is a grant-funded program that loans adaptive equipment (AE) to children, teens, and adults who have a qualifying developmental disability (see eligibility form). A variety of positioning, seating, mobility, recreation, and ADL equipment is available for loan.

Tadpole Adaptive

- <https://tadpoleadaptive.com/>
- Tadpole Adaptive is an online retailer specializing in unique adaptive equipment to help children interact, play, participate and have fun! It was co-founded by a physical therapist and a wheelchair user. There is a physical therapist on staff that can help individuals make sound choices for their equipment needs as well as show you unique ways to use everyday items.
