Montana Kinship Navigator Program

- Serves Kinship and Relative Caregivers for the entire state of Montana. We are a central support, resource, and referral navigator program supporting Montana's rural areas, all of Montana's 8 Native American Tribes, and Montana's urban cities. The program was founded in 2002 to offer these caregivers support, education and access to resources so they can live happier, healthier lives and can, in turn, raise children who know emotional and physical safety, excel in school and social situations and are prepared to take on the challenges of their new life.
