

Mon/Wed Evening Swim Lessons February 2nd-25th 2026

Which Class to Choose?

Stations 1, 2, and 3 build the foundational skills to succeed in swimming. When in doubt of where to place your child, contact Will Richards at (406) 751-4141.

STATION 1. Uncomfortable with face in the water.

STATION 2. Puts head underwater but cannot float.

STATION 3. Floats on front/back. Kicking needs work.

Stations 4, 5, and 6 are typically for those who have been in lessons recently and mastered the foundational skills.

Those who register for these stations without prior swim lessons with us will be contacted to schedule an in-water assessment before the session starts.

STATION 4. Has strong kicking & ready to add arms.

STATION 5. Can do the crawl stroke w/o breathing.

STATION 6. Crawl w/ breathing but needs endurance.

STATIONS 7 through 10 are grouped together under "Stroke School" and require an in-water assessment if they have not had lessons with us in the past. Contact Will Richards at (406) 751-4141 to schedule an appointment.

*Depending on your child's age and ability, it may take multiple sessions to advance to the next station.

If your child has been in lessons in the last 5 months, we have their station level on file and will update it automatically if they advance before the next session.
